### **Waiting Room Volunteers – Thursdays & Fridays**

We have a great volunteer who greets patients on arrival at our treatment clinic, checks their temperatures and hands them the necessary paperwork to complete. He helps patients to feel comfortable and answers any questions that they have and offers a hot or cold drink to patients while they are waiting for their appointment. We are looking for additional volunteers to do this important work on Thursdays and Fridays.

### **Who are we looking for?**

People who are comfortable talking to strangers and have a happy disposition. This is a very important job and requires confidence, empathy and sensitivity.

You will receive full training and support.
