It will be WA's biggest fundraising event to support people in recovery, making safer, healthier and happier, people, homes and communities.

Western Australia is in a crisis of addiction and substance use disorders with the state topping the country's fatal drug overdoses in 2021. Fresh Start is looking to treat the cause of this statistic through providing treatment and support to people and their families who are struggling with addiction.

Fresh Start invites all leaders of change to come together for Raising for Recovery to support Fresh Start and the necessary work we provide to the community to create a future free from the effects of addiction and substance use disorders for individuals, families and communities.
